Paradise

Amazing SPACES

Milk & Honey will envelop you in privilege and style. With the spaciousness of a yacht of at least 150 feet, this finely built, 125-foot Palmer Johnson tri-deck motor yacht offers an abundance of beautiful settings in which to relax.

Chilled martinis by the spa pool? Just say the word. An afternoon in a chaise longue that adjusts to face the sun or shade and converts to oversized sunpads? Your spot awaits you. Intimate dinner parties by candlelight or under the stars? Your personal chef stands ready to grant your culinary wishes.

All this and much more will be yours as Milk & Honey transports you to stunning and exotic destinations. With Zero-Speed Stabilizers, complete indoor climate control, the latest in entertainment systems, and more, it's clear your comfort and pleasure are top priority on Milk & Honey.

Rare LUXURIES

The interior of Milk & Honey blends refined tradition with sleek furnishings in supple fabrics and serene colors. A multitude of windows allows in plenty of natural light while maintaining your privacy. Paneling and floors fashioned from rich cherry, mahogany, burlled olive, and inlaid black walnut are enhanced by fine paintings of soothing seascapes.

The stunning sky lounge is reminiscent of an exclusive gentlemen's club with wet bar, humidor, and chilled wine storage for 130 bottles. Large windows frame panoramic daytime views, while a 55" 3D HD TV provides evening entertainment.
