

GALÁPAGOS

Experience The Ultimate Private Yacht Vacation Onboard M/Y STELLA MARIS

• The Only Private Luxury Charter Yacht in the Galapagos •

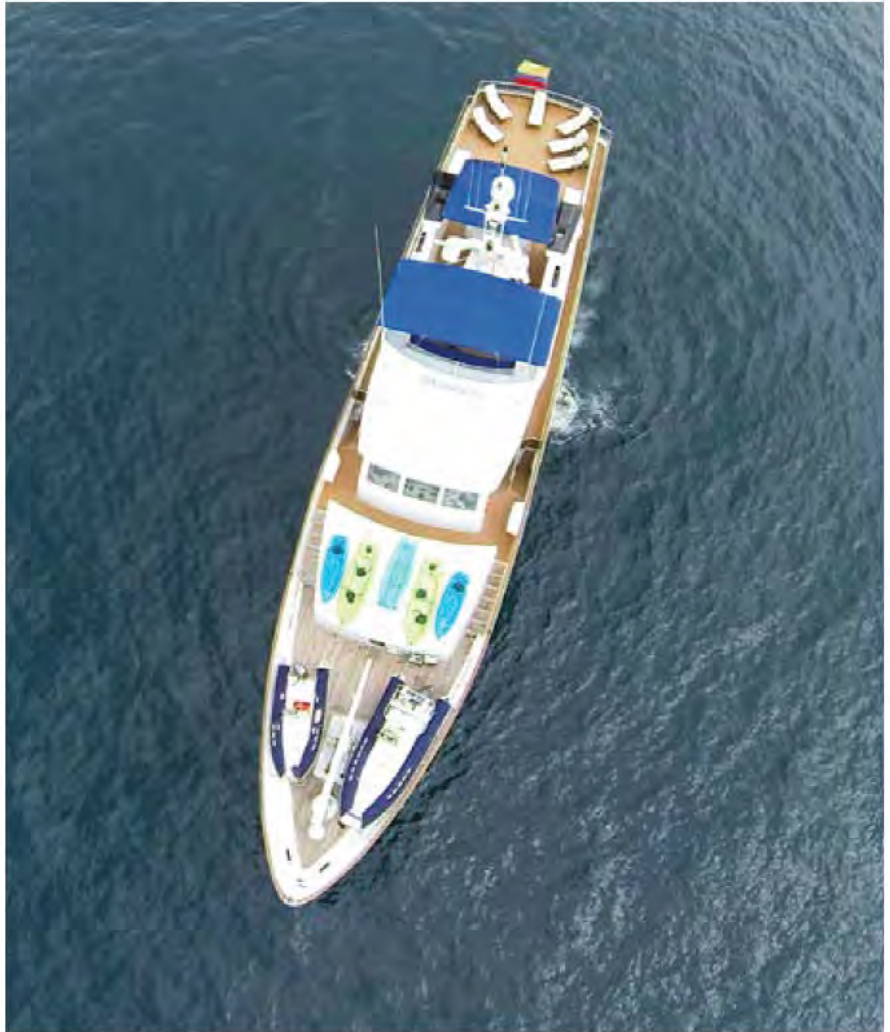

“The place is like
a new creation,
it’s like stumbling
into a strange,
untouched Eden.”

-Rebecca Willis

STELLA MARIS 124' (38m) Pichiotti

The Galapagos is a rare destination where you become accustomed to being surprised. Nothing quite compares to the joy of observing animals in the wild here, or the sense of wonder and privilege felt while spending time with animals who don't run or fly away when humans approach, and are truly unique treasures of our earth.

The only luxury yacht based in the Galapagos Islands

The yacht accommodates up to 12 guests in style as they explore the unique ecosystems of the Galapagos Islands. The 38-meter-long yacht is specially designed and refitted to be as ecologically-friendly as possible so that it does not disrupt the delicate balance of the islands.

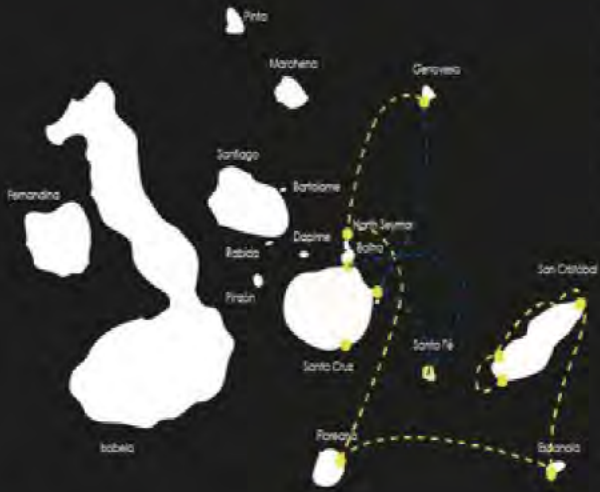

Setting foot on barren coasts of fresh black lava frozen in its descent to the shoreline, you'll see why early explorers likened the islands to an inferno on earth. You'll quickly come to appreciate each island as a little "world unto itself" with its own distinctive character, terrain, climate and wildlife. You will recognize it as a comfortable place for its odd inhabitants to lay eggs, raise young and feed on the abundant marine life swept here by cool Humboldt Currents. From the world's only seagoing lizards to flightless cormorants and penguins, inflatable frigate birds, clownish boobies, patriarchal tortoises and 13 species of Darwin finches, you'll enjoy thrilling encounters with animals, up-close and in large numbers, who are completely at ease among human visitors. You're sure to come away inspired to protect them and their environment, one of the last great wild places.

GASTRONOMY

As the first yacht in the Galapagos to offer a truly luxury experience—M/Y Stella Maris’ gastronomy is undoubtedly exquisite. We feature a larger menu with more variety, than any other yacht or cruise ship in the area.

The yacht also features a full stock of excellent cocktails and spirits, both food and liquor service being available to you 24 hours a day. You can order at any time, and will always find a helpful crew member on hand to get you anything you desire.

We design menus based upon your tastes, as well as local Galapagos cuisine that will tantalize your taste buds after a day of sightseeing. Our creative chef uses only the finest ingredients to create specialized meals for you. All of your dietary and nutritional needs will likewise be attended to. Adaptable to any discerning palate, the M/Y Stella Maris chefs will craft an experience that will satisfy all of your senses.
